NOW summer school

APPLY NOW!

The Neckar Now Summer School addresses the potential and challenges of a city along the river from an engineering and architectural perspective. Heidelberg provides the perfect setting to learn about current trends and methods of sustainable innovation and design. Field trips, input sessions and expert feedback rounds give the participants the ability to develop different approaches to local problems as well as to create their own projects in an immersive experience.

An exciting one-week program for those considering future studies in Water Technology (M.Eng.) or Architecture (M.A.).
